PAPER NUMBER

3671

DATE MAILED: 08/24/2006

Please find below and/or attached an Office communication concerning this application or proceeding.

DETAILED ACTION

1. The Board of Patent Appeals and Interferences affirmed the rejection(s) against independent claim 65, but reversed rejection against claim 10 dependent thereon. The independent claim and rejected dependent claims are cancelled by the examiner in accordance with MPEP § 1214.06. Applicant is given a **ONE MONTH TIME PERIOD** from the mailing date of this letter in which to present the dependent claim(s) in independent form. **NO EXTENSIONS OF TIME UNDER 37 CFR 1.136(a) WILL BE GRANTED.** Failure to comply will result in cancellation of the dependent claims and the application will be allowed with claims 40 and 68-73. **Prosecution is otherwise closed.**

2. The amendment filed 8/11/2006 after a decision by the Board of Patent Appeals and Interferences is not entered because prosecution is closed and the proposed amendment was not suggested in an explicit statement by the Board under 37 CFR 41.50(c). As provided in 37 CFR 1.198, prosecution of the proceeding before the primary examiner will not be reopened or reconsidered by the primary examiner after a final decision of the Board except under the provisions of 37 CFR 1.114 (request for continued examination) or 37 CFR 41.50 without the written authority of the Director, and then only for the consideration of matters not already adjudicated, sufficient cause being shown.

Applicant attempted to add new independent claim 84. Claim 84 is not obviously allowable and cannot be entered. For example, claim 84 contains limitations to a three-sided mower instead of a four-sided mower as is recited in all of the allowed independent claims.
